

Protect your 2 and 4 cycle engines with **GAS-RX™** Gasoline Conditioner and Stabilizer

Ethanol damage encountered in the form of rust taken from the top of an injector, a rusted fuel line and a jar of phase separated fuel.

Available in Bulk Sizes
Ratio – 1:1,000 P/N

SIZE	QTY/CASE	TREATS	
2 oz.	24	15 gal.	11100
8 oz.	24	60 gal.	11102
1 qt.	12	250 gal.	11105
1 gal.	4	1,000 gal.	11106
2.5 gal.	2	2,500 gal.	11106A
5 gal.	1	5,000 gal.	11107
55 gal.	1	55,000 gal.	11109

- Prevents Problems with Gasoline including Ethanol Blends
- Removes Water From Fuel Systems
- Reverses Phase Separation In Ethanol Gasoline
- Stabilizes Gasoline up to 2 Years - Perfect for Storing Equipment
- Improves Fuel Mileage, Starting & Performance
- Restores Rough Running Engines To Normal Operation
- Protects Engines - Contains Rubber & Plastic Conditioners
- Prevents Corrosion
- No Harmful Alcohols or Emulsifiers
- Use for 2 and 4 Cycle Engines
- Super Concentrated — 32 oz. Treats up to 250 Gal / 946 L

Description

GAS-RX™ is the all-season hi-tech treatment and conditioner that eliminates the harmful effects of water contamination in all 2 and 4 cycle engines! **GAS-RX™** is an organic based, powerful fuel system stabilizer and cleaner, that helps prevent E-10 fuel Phase Separation. **GAS-RX™** improves fuel efficiency, increases power, reduces emissions, and reduces engine wear. This powerful multi-purpose formula dissolves gum, varnish, and carbon deposits that distort fuel injector spray patterns and damage delicate injector and pump components. **GAS-RX™** contains no harmful alcohols or emulsifiers and allows your engine to operate with all the power and efficiency it was designed to.

Directions

One quart size bottle safely treats up to 250 gallons of fuel. For best results add **GAS-RX™** before every fill up, or before storing vehicles. **GAS-RX™** will eliminate its own volume of water.

Advanced Fuel System Protection for All Seasons!

For Motorcycle, Jet Ski, ATV, Snowmobile, Snowblower, Lawn Equipment and all other 2 and 4 cycle engines.
