

Max Brite Acid Cleaner

A Heavy-Duty, Concentrated, Acid-Based, Dilutable Aluminum and Wheel Cleaner.

- Specifically formulated to penetrate and deep clean dirt and brake dust on wheels, brushed aluminum, etc.
 - (NOT FOR POLISHED ALUMINUM)
- Excels in cleaning hard to reach areas.
- This product should ONLY be applied to cool and wet surface.
- Max Brite can be applied with a hand wand, pump sprayer, or spray bottle.
 - **Note:** Wet the body area around the wheels/area of application with cool water to prevent spotting of the painted areas.
 - **TEST IN SMALL AREA FIRST.**
 - **Note:** This product should not be used on any aftermarket rim.
- Hand and body protection should be used when handling this product.
- Dilution up to **15:1** with water.
